3. PRIZES AND AWARDS

Academy of Europe (Academia Europaea, acadeuro.org)

- Member by election. Social Sciences section. 2006-

American Political Science Association (APSA)

- Leon Weaver Award for the best paper in ‘Representation and Electoral Systems’ presented at the Annual Meeting. 2004.
- Life membership. 2003.
- Grant for foreigners to attend the Annual Meeting, 1996.

Best Books of the Year 2020, Financial Times

- *Democracy and Globalization: Anger, Fear, and Hope* (with A. L. Beale), Routledge.

Political Studies, journal of the UK's Political Studies Association (PSA):

- Editor's Choice for the year 2001: book *Political Institutions* (Oxford University Press), “for its important contribution to the development of General Political Science”.
- Editor's Choice for the year 2000: book *Strategic Transitions* (Johns Hopkins University Press), “for its important contribution to the development of General Political Science”.

Europa Book Prize

- *Great Empires, Small Nations* (Routledge): Shortlisted (3 out of 55) for the first Europa Book Prize, given at the European Parliament, Brussels, 2007.

Mexican Political Sciences Association (AMECIP)

- Life membership, 2016.

Spanish Ministry of Education and Science:

- Five positive six-year evaluations of research activity (with increases in salary): Periods: 1977-1982, 1983-1988, 1989-1994, 1995-2000, 2001-2006.

Spanish Political Science Association (AECPA):

- Biannual Prize to the best book in 2000-2001: *Political Institutions* (Oxford University Press; Spanish edition: *Instituciones politicas*, Editorial Ariel)

Editorial Anagrama, Barcelona:

- Anagrama Award for Essays. For *El arte de la manipulacion politica: Votaciones y teoria de juegos en la politica espanola*, 1990 (later published in Spanish and in English as *Game Theory and the Transition to Democracy: The Spanish model*, Edward Elgar, 1995).

Foundation Ramon Trias Fargas, Barcelona:

- Award for Essays 2005 for *Great Empires, Small Nations* (Routledge; Catalan edition: *Grans imperis, petites nacions*, Edicions Proa; Spanish edition: *Grandes imperios, pequenas naciones*, Anagrama).

Academy of Sciences and Humanities of Catalonia (Institute of Catalan Studies, IEC):

- Prat de la Riba Award to best book in Philosophy and the Social Sciences from 2002 to 2006. For *Great Empires, Small Nations*.
- Jaume Carner Award “to the best doctoral dissertation or research, published or unpublished, in economics, political science or sociology, from 1978 to 1984”.

Government of Catalonia:

- Tomas Garces Award on policy studies 1996, for *La utilitat del bilingüisme* (Edicions 62).

Foundation Jaume Bofill, Barcelona:

- Research grant for the research project ‘The idea of ‘nation’ in political thought’.

Omnium Cultural, Barcelona:

- Pere Figuera Award for the monograph ‘The democratic student movements 1939-1975’,

Book Reviews (selection):

Constitutional Polarization. A Critical Review of the U.S. Political System (Routledge, 2023).

- “An important contribution to the literature on the crisis facing democracy in the United States. *Constitutional Polarization* provides rich historical insight into why our constitutional system scarcely resembles to what the Framers envisioned and how intervening developments have threatened our status as a democracy. Colomer’s book is a major contribution to the literature on our constitutional crisis.”
Maxwell L. Stearns, *Perspectives on Politics*
- “*Constitutional Polarization* contains insightful thinking about the functioning of political institutions. It also offers a workable solution to our party system duopoly, acquaints party scholars with an ancient principle in the Catholic philosophy of government, and provokes thought about the effect of foreign wars on domestic politics. Perhaps domestic politics are less polarized under the threat of war, but Colomer’s other remedy—proportional representation in statewide elections of House representatives—is far more attractive and worth trying.
Kenneth Janda, *Political Science Quarterly*

Democracy and Globalization (Routledge, 2020).

- Selected as one of the Best Books of the Year 2020 by *Financial Times*.
“This study of the relationship between democracy and globalization argues that, as globalisation disrupts democracy we need to ‘globalise democracy’. Thus, the authors argue for more representatives, effective and accountable government at local, national, continental and global levels, via novel combinations of direct democracy, representative government and rule by experts. This is an idealistic, but also logical, direction for humanity to go. But will it?
Martin Wolf, *Financial Times*
- “This is an enormously impressive update on what we need to know about democracy. Excellent analysis of democracy’s main problems, but also a welcome outline of why we can have hope for a better global future. Really fascinating, insightful, and inspiring.”
Arend Lijphart, former President of the American Political Science Association
- “Extremely timely and relevant, and likely to remain so.”
Benjamin Reilly, University of Western Australia

Journal and newspaper reviews and interviews:

Central European Political Science Review.

El Pais, La Vanguardia, Agencia EFE, Crónica Global, El Ciervo, La Tercera (Chile).

TVE, TV3, TV Grupo Perfil (Argentina), *TV Aristegui News* (Mexico).

The Spanish Frustration. (London: Anthem Press, 2019).

In Spanish: *España: la historia de una frustración.* Barcelona: Anagrama, 2018.

- “The book is extraordinarily good, even the social criticism, in some ways more important than the politics. Altogether a splendid analysis. The intellectually sturdiest book on Spain some time.”
Stanley Payne, University of Wisconsin, USA.
- “Colomer provides a carefully selected empirical information that perfectly illustrates his arguments, and his clear and austere prose, habitual in all his texts, manuals, monographs and press articles, converts reading into a placid entertainment ... He does not resort to his discourse to essences and stereotyped national characters, but he wields serious data and arguments. That's why his book is so stimulating.”
Oscar R. Buznego, University of Oviedo, Spain.
- “Reading Colomer is tremendously provocative and his books are always an exaltation of his remarkable intelligence. Someone with whom one likes to discuss.”
Daniel Fernandez, President of the Federation of Publisher Guilds of Spain.

Journal and newspaper reviews and interviews:

La Vanguardia, *El Pais*, *Politica Exterior*, *Metahistoria*, *ABC*, *La Razon*, *Ara*, radio and TV stations.

The European Empire (Amazon Books/Foundation Europa Cultural, Geneva, Switzerland, 2014)

- “This essay will be of clear and lasting value to a range of actors on the international stage. It is erudite and scholarly, yet accessible and elegantly written, using humor and colorful metaphors to simplify a complex subject that is often treated in a dry and abstract way. The argument is innovative, yet confident and convincing.”
Helen Margetts, University of Oxford, UK.
- “Josep M. Colomer's ‘The European Empire’ offers an easily readable discussion of the ways in which the European Union has developed and deals with ongoing challenges, by underlying its achievements but also its shortcomings. Clearly written for a broader audience.”
Simon Hug, Université de Genève, Switzerland.

How Global Institutions Rule the World (Palgrave-Macmillan, 2013)

- “In this thoughtful and thought-provoking book, Josep Colomer demonstrates that effective institutions of global governance exist. A single world government is neither possible nor desirable. But it is also unnecessary. Instead, a number of effective institutions already carry out essential functions of world governance. Moreover, in spite of worries about ‘democratic deficits’, those institutions are able to meet the essential requirement of an effective democracy: representation, competence, consensus, and accountability.”
Martin Wolf, *Financial Times*.

- “What is democracy if national governments must bow to specialized global agencies? Colomer superbly demonstrates that we already face faceless dispersed regulation that is even stronger than a unified ‘world government’ would be, and he offers intriguing insights into what it means for the world’s democratic institutions. ”
Rein Taagepera, University of California-Irvine, USA. Johan Skytte Prize Laureate.
- “It contributes to the understanding of global governance and provides insights for varieties of readers, from the educated casual reader to academic experts. When Colomer supports the feasibility of the existence of global democracy, he refreshes our understanding of democracy, calling for further fundamental research on the definition of democracy.”
Yao Han, *Governance*.

Personal Representation: The neglected dimension of electoral systems (ECR Press/Columbia University Press, 2011)

- “This book thus contains much extremely valuable material... it opens up a considerable research agenda that many of us will want to pursue over the coming years.”
Alan Renwick, University of Reading, UK,
American Political Science Association, *Newsletter*.
- “Personal Representation has the great merit of emphasising the need for a new perspective on electoral studies.”
Stefano Rombi, *Political Studies Review*

The Science of Politics. An Introduction (New York: Oxford University Press, 2011; in Spanish: *Ciencia de la politica*, Ariel).

- “I don’t think that anyone has tried to write something like this before. If one wants to give an overview of political science, then this is about the only book there is!”
James A. Robinson, Harvard University.
- “At long last, a text that puts science back into political science; at the same time, it is not an ‘American government and politics’ text masquerading as an introduction to political science. I am delighted with it. The central concept of the “public good” lends coherence to the organization of the book and allows Josep M. Colomer to integrate a vast amount of material encompassing all levels of analysis. The product is a remarkable achievement”,
Abdalla Battah, Minnesota State University, Mankato.
- “*The Science of Politics: An Introduction* aims to do something that no other political science textbook currently does: to lay out the key “things we know” about politics that satisfy the criteria of simplicity, practicality, and historical relevance. It is very well written, with an authoritative style that clearly demonstrates an impressive sweep of historical knowledge and understanding. . . It has an analytical coherence which is consistent throughout the book, in line with the goal to be “scientific”. This style completely distinguishes this text from others in the field and is a key selling point for students. I would recommend it to others without hesitation”,
Helen Margetts, University of Oxford.

Great Empires, Small Nations (Routledge, 2007; in Spanish: *Grandes imperios, pequeñas naciones*, Anagrama; in Catalan: *Grans imperis, petites nacions*, Proa)

- “This is a small book with big ideas”
Richard Rose, *Journal of Public Policy*
- “Colomer’s book is a stimulating read, certainly for anyone willing to entertain nonconventional observations that hold up well in what is happening in the world. I expect this book to be widely read and greatly admired”,
Sidney Weintraub, Center for Strategic and International Studies, Washington, DC.
- “*Great Empires, Small Nations* is an original and persuasive book. Colomer looks beyond nation states and discovers the world that does not resemble the Westphalian paradigm. The book makes an important contribution to our understanding of international politics, especially in Europe”,
Jan Zielonka, University of Oxford.

Handbook of Electoral System Choice (Palgrave-Macmillan, 2004; in Spanish: *Como votamos*, Gedisa)

- “Professor Colomer offers a new and highly original theory of electoral change which lays the groundwork for a radical revision of what has become the common wisdom about the effects of electoral laws”,
Bernard Grofman, University of California-Irvine.
- “Electoral studies have long focused more on the effects than the causes of electoral rules. As Josep Colomer notes, however, the very strength of the effects leads to a natural line of theorizing about causes: parties introduce new rules in anticipation of their effects on those parties’ future electoral fortunes. Colomer’s synoptic overview shows that there is an important general trend visible in the historical record, toward greater proportionality. Every serious student of electoral systems will want this handbook on their shelf”,
Gary W. Cox, University of California-San Diego.
- “This is a major achievement and provides the foundation for much future work... Too many such books are little more than compendia of loosely-linked chapters; this is so much more because of the sustenance that the selected authors give to the editors theoretical apparatus and empirical test”,
Ron Johnston, University of Bristol, UK,
British Journal of Political Science and International Relations.
- “The substantive contribution of Colomer is the development of a general theory of changes of electoral rules... Compulsory reading for those interested in electoral systems”
Ignacio Lago, Pompeu Fabra University, Spain
Revista Espanola de Ciencia Politica.

Newspaper reviews and interviews:

ABC, *El Mundo* (Madrid), *Avui*, *La Vanguardia* (Barcelona), *Clarín*, *Debate* (Buenos Aires),
TV stations.

Political Institutions in Europe, 2nd edition updated, (editor) (London: Routledge, 2002).

- “A terrifically useful update. What I appreciate especially is the comparative, theory-driven, institutions-oriented framework employed throughout, which makes the book ideal as a core text for courses in West European politics. The individual chapters are also excellent introductions for country- and region-specific courses, as well as being a great source of basic political information”,
Nicholas Aylott, Umea University, Sweden.
- “This is a comprehensive textbook for students of comparative European politics. accessible written, well balanced, thorough, the product of up-to-date research by some of the best scholars working in the field”,
Michael O’Neill, Nottingham Trent University, UK.

Political Institutions: Democracy and Social Choice (Oxford University Press, 2001; in Spanish: *Instituciones politicas*, Ariel)

- “An outstanding contribution to the growing literature challenging the conventional wisdom that majoritarian, concentrated-power democracy provides the most “decisive” and effective government. Instead, as Colomer’s logical and empirical analysis convincingly demonstrates, sharing power and dividing power are much more advantageous. A first-rate scholarly achievement!”,
Arend Lijphart, President of the American Political Science Association, University of California-San Diego, USA.
- “A rigorous, accessible analysis of social choice in democratic settings. Its empirical scope is broad, its emphasis on institutions is crisp, and its arguments are persuasive. It graces Oxford new series on comparative politics”,
Kenneth Shepsle, Harvard University, USA.
- “A happy marriage of social choice theory with comparative politics, well worth reading, and including on syllabi.... One strength is the author’s knack for supplying historical material that illustrates the relevance of social choice theory to the study of political institutions. In this sense, Colomer’s book follows in the tradition of William H. Riker’s *Liberalism against Populism* (1982), although *Political Institutions* is empirically richer, and much more accessible to a non-technical audience. Colomer does... with such a keen sense for how the basic intuitions from social choice theory map onto real-world politics, that *Political Institutions* should become a staple of reading lists on positive political theory and comparative politics”,
John M. Carey, Washington University, St. Louis, MO, USA, *Perspectives on Politics*.
- “It should attract a broad readership from different fields within political science... easily intelligible and thoroughly pleasant read”,

Hendrik J. Kravetzschmar, London School of Economics & Political Science, UK,
Political Studies.

- “A well framed, well-constructed, well documented and well-argued book”,
Gianfanco Pasquino, University of Bologna, Italy,
Rivista Italiana di Scienza Politica.
- “Compulsory reading for every professional of the social sciences, of political activity or
public sphere and of decision-making in any field of economic and social life”,
Alvaro Espina, University Complutense of Madrid, Spain,
Revista Espanola de Ciencia Política.
- “The author’s erudition, along with his masterful application of social choice theory,
make this book compulsory reading for students of comparative politics and constitu-
tional law”, Fabrice Lehoucq, CIDE, Mexico,
Politica y Gobierno.

Newspaper reviews:

El Pais (Madrid), *La Vanguardia* (Barcelona), *El Universal*, *Reforma* (Mexico), and others.

Strategic Transitions (Johns Hopkins University Press, 2000; in Spanish: *Transiciones estraté-
gicas*, Madrid: Centre for Political and Constitutional Studies)

- “Colomer has exemplary knowledge of the political dynamics o democratization in the
contemporary world and an equally subtle sense of how best to specify those processes in
game theoretical models”,
David Laitin, Stanford University, USA.
- “A very convincing interpretation of the events leading to the collapse of the Soviet Un-
ion and democratization in Eastern Europe”,
Leonard Wantchekon, New York University, USA.
- “Colomer’s analysis is erudite, stimulating and well informed... Colomer has succeeded
in writing a supremely readable volume, which should attract the interest of everyone in-
terested in democratic transitions”,
Mads Qvortrup, Cranfield University, UK, *Political Studies*.
- “A very thorough analysis in a clear and systematic way. The author’s concern with clar-
ity and simplicity is of unique value and he combines formal analysis with interesting
substantial theory”,
Stein Larsen, University of Bergen, Norway.
Europe-Asia Studies.
- A full book devoted to discuss “the seminal work of Adam Przeworski and Josep Co-
lomer who lead the field in the analysis of regime change and transition”,
Jacqueline Hayden (Trinity College, Dublin),
The Collapse of Communist Power in Poland, London: Routledge.

Political Institutions in Europe (Routledge, 1996; in Spanish: *La politica en Europa*, Ariel; in Italian: *La politica in Europa*, Laterza)

- “Colomer’s book is unique in its institutional approach. In a dense and thoughtful introduction, the editor summarises important developments in comparative politics and outlines the direction a more appropriate reading of 'institutions' may lead to. He goes on to suggest a common analytical framework for the subsequent chapters by ordering the countries according to their degree of institutional 'pluralism' and 'majoritarianism'. This is a tall order.”
Stefan Immerfall, University of Passau, Germany
West European Politics.

Newspaper review:

“Josep M. Colomer is one of the most brilliant, imaginative and cosmopolitan scholars in political studies”, Javier Tusell, University of Madrid, *El País*.

Game Theory and the Transition to Democracy (Edward Elgar, 1995; in Spanish: *La transicion a la democracia: el modelo espanol*, Anagrama)

- “One of the best books of Political Science on transitions”,
Juan J. Linz, Yale University, USA.
- “One of the few original contributions to the literature on transitions to democracy, Colomer’s book applies analytical models to reveal the complexity of transition in Spain. His analysis will be of interest to observers of democratization everywhere”,
Adam Przeworski, New York University, USA.
- “This could become a Political Science classic”,
Iain MacLean, Oxford University, UK.
- * “The best game theoretic treatment of transition I have seen”,
Barbara Geddes, University of California-Los Angeles, USA.
- “The strength of Colomer’s approach is that it yields sense of the significance of microlevel details; it reveals how macroevents are generated often in ways that have not been foreseen by small, discrete decisions. It provides perhaps the most persuasive rejoinder: cultural explanations must be supplemented with accounts of the procedures by which individual choices aggregate into collective outcomes”,
Robert Bates, Harvard University, USA
American Political Science Review.

Journal and newspaper reviews:

Public Choice, *Revista de Libros*, *El Pais* (Madrid), *La Vanguardia* (Barcelona), radio and TV stations.

El arte de la manipulacion politica: votaciones y teoria de juegos en la política espanola (Anagrama, 1990)

- “Josep Maria Colomer’s analysis of the political transition to democracy has opened the trend towards... the end of the social theory predominant during the first two decades after the advent of democracy in 1975, and the beginning of a new period in Spanish social science.”

Salvador Giner, President of the Spanish Sociology Association,
in Gerard Delanty (editor), *Handbook of Contemporary European Social Theory*,
London: Routledge.

Newspaper reviews and interviews:

ABC, Diario 16, El Independiente, El Mundo, El Pais, Sistema (Madrid), *Avui, El Ciervo, El Periodico, El Triangle, El Periodico, La Vanguardia* (Barcelona), *Deia* (Bilbao), TV and radio stations.

Individual

- 2012-2013. Fundación Rafael del Pino. “The World Government by Experts”.
- 2002. Institute for Autonomic Studies. “Electoral Systems in Regional Governments in France, Germany, Italy, Spain, Switzerland and the United Kingdom”.
- 1996. Interdepartmental Commission Research & Technology CIRIT. Sabbatical.
- 1996. American Political Science Association, Grant for foreign scholars to participate in the Annual Meeting. San Francisco, CA.
- 1989-1990. Institute for Fiscal Studies (IEF), Ministry of Economy and Finances, Spain. “Positive Political Theory”.
- 1988-1989. Post-Doc Fulbright Scholar. The University of Chicago.
- 1988. Ministry of Foreign Affairs, Madrid. Grant to participate in the Joint Sessions of the European Consortium for Political Research (ECPR) in Bologna, Italy.

7. CONFERENCES AND LECTURES

Summary:

Participant or organizer in more than 50 international conferences of 29 academic organizations. More than 100 guest lectures in 83 institutions in 25 countries.

International conferences

American Political Science Association (APSA)

- Member since 1988.
- Member of the sections in “Comparative Politics”, “Political Economy”, and “Representation and Electoral Systems”.

- Awards:
 - Life membership since 2003. Special award on the occasion of the Centennial of the Association, given to the recipient after 15 years of activity.
 - Leon Weaver Award to the best paper in “Representation and Electoral Systems” presented at the Annual Meeting, 2004.

- Award Committees:
 - Chairman of the Award Committee, George H. Hallet Prize for a book “with lasting influence”, 2011.
 - Member of the Award Committee, George H. Hallet Prize, 2008.

- Participation in the Annual Meeting:
 - > Panel organizer:
 - “Electoral Reform in the U.S.: Domestic and Comparative Lessons”, Washington, 2019.
 - “Causes and Consequences of Personal Representation Voting Rules”, San Francisco, 2015.
 - Presenter of the George H. Hallet Award to Anthony Downs, Representation and Electoral Systems section. Seattle, 2011.
 - “The Choice of Proportional Representation”. Philadelphia, 2003.
 - “Can Presidentialism Work Like Parliamentarianism?”. Boston, 2002.
 - “The Strategy of Electoral System Change”. Atlanta, 1999.
 - > Papergiver and participant:
Washington 2019, San Francisco 2015, Washington 2014, Seattle 2011, Washington 2010, Boston 2008, Chicago 2007, Philadelphia 2006, Chicago 2004, Philadelphia 2003, Boston 2002, Atlanta 1999, Boston 1998, Washington 1997, San Francisco 1996, Chicago 1995, Chicago 1992, Washington 1991, Washington 1988.

International Political Science Association (IPSA)

- Member since 1988.

- Participation in the World Congress (triennial):

> Panel organizer:

- “Transitions to Democracy in Southern Europe, Eastern Europe and Latin America”. Buenos Aires, Argentina, 1991.

> Papergiver:

Berlin 1994, Washington, DC 1988.

Academia Europaea (www.acadeuro.org)

The Academy of Europe was founded in 1988. Membership is by invitation only, following a peer review selection process. The Academy has about 2000 members, including over 40 Nobel Laureates, from 35 European countries and 8 non-European countries.

- Member by election since 2006.

- Member of the Social Sciences section.

- Participation in the Annual Conference:

- “The Brain and the Mind”. Budapest, Hungary, 2006.

- “The Dialogue of Three Cultures and Our European Heritage”. Member of the Organizing Committee. Toledo, Spain, 2007.

European Consortium for Political Research (ECPR)

- Member since 1985.

- Founding Chair of the Standing Group on “Rational Choice Politics”. 1993-1996; later Standing group on “Analytical Politics and Public Choice”.

- Member of the Standing Group in “Comparative Political Institutions”. 2006-.

- Participation in the General Conferences:

> Section convener, Organizer of 11 panels:

- “Political Institutions and Institutional Change”, Canterbury, UK, 2001.

> Session chair:

- “Dilemmas of Contemporary Collective Action”. Berlin 2009.

> Papergiver:

- Berlin 2009, Budapest 2005.

- Participation in the Joint Sessions of Workshops:

> Workshop organizer:

- “Rational Models in European Comparative Politics”. Leiden, Netherlands, 1993.

- “Shaping Political Behavior”. Oslo, Norway, 1996.

> Papergiver:

Madrid 1994, Leiden 1993, Rimini 1988, Barcelona, 1985.

- Participation in Research session:

- Trondheim, Norway, 1993.

Political Studies Association

“Elections, Public Opinion, and Parties” (EPOP) Annual Conference

> Paper giver:

Bristol, UK, 2007.

Public Choice Society (PCS)

- Member participant since 1994.
- Participation in the Annual Meeting:
 - > Panel organizer:
 - “Electoral Reform”, San Antonio, Tx, 2001
 - > Papergiver:
San Antonio Tx, 2011, Baltimore Md 2004, Valencia 1994.

American Association for the Advancement of Science

- Member 2013-.

Philosophical Society of Washington-Washington Academy of Sciences

- Member 2012-2015.

2nd International Conference on Monarchy

- > Paper giver.
University of La Verne, California, 2015

Spanish Political Science Association (AECPA) (www.aecpa.es):

- Active participant in previous political science networks since 1984 and founding member of the Association in 1993.
- Participation in biennial Congresses
 - > Plenary lecture:
 - Barcelona, 2003.
 - > Papergiver:
Bilbao 1994, Granada 1989.

Latin American Studies Association (LASA)

- Member 2002-2003.
- Participation in Congresses:
 - > Panel organizer:
 - “Governance with Divided Powers”. Dallas, 2003.
 - > Papergiver:
 - Miami, 2000.
 - > Chair and Discussant:
 - Latin American Political Institutions Section (LAPIS), Washington DC, May 2013.

International Joint Conference on Artificial Intelligence

- > Plenary lecture:
 - Barcelona, 2011.

International Conference of Europeanists

- Participation in the annual conference:
 - > Chair and discussant:
 - Washington, 2014.
 - > Papergiver: Barcelona, 2011.

International Studies Association (ISA)

- Participation in the Annual Convention:

> Papergiver:

- New York, 2009.

International Economic Association

- Participation in “Democracy & Development” seminar:

> Papergiver

- Barcelona, 1992.

Ibero-American Association of Utilitarian Studies

- Member, 1990-1996.

- Participation in Congress:

- Santiago de Compostela, 1991.

International Society for Utilitarian Studies

- Participation:

- University of Cambridge, UK, 1989.

International Sociological Association

- Participation in the World Congress:

> Papergiver:

- Madrid, 1990.

Spanish Sociological Federation

- Participation in Congress:

> Papergiver:

- San Sebastian, 1989.

Association for the History of Economic Thought

- Participation in Congress:

> Papergiver

- Barcelona, 1986.

Guest Speaker

USA

New York University-DC
